# TENT SIZING

Not sure which tent size is best for your event? Just give us a call and we would be happy to size one for you, or add up the square footage you will need from the information below -- then compare it to our tent size chart below.

Add up the approximate square footage for your tent size:

1. Dining - see chart below
2. Stand Alone Tables - Add 100 square feet each table for a buffet, DJ, dessert, gift, etc. BUT if two tables together add 150.
3. Bars need about 100 square feet, 200 if you have a 2nd back table.
4. Cocktail area -- Add 6 square feet per person
5. Dancing - see chart below, or figure about 2-5 square feet per guest attending
6. Bands - as their sizes vary greatly, ask them for amount of space needed (usually between 100 and 500 square feet)

### EXAMPLE

Sizing example of a possible 100 person wedding reception tent:

1. Dining - 12 sf/person = 1200 sf
2. Buffet, gifts & DJ = 350 sf
3. Bar = 100 sf
4. No cocktail area needed
5. Dancing = 260 sf
6. Band = 100 sf

*Total square feet needed is approximately 2010, so either a 30x75 or 40x60 (depending on your site) will work!*

Dining		
Table	Suggested Seating	Square feet needed per guest
6' Rectangle	6	10 sf
8' Rectangle	8	10 sf
3' Round	4	12 sf
4' Round	6	12 sf
5' Round	8	12 sf
6' Round	10	12 sf
7.5' Oak Farm	8	14 sf
8' Mahogany Farm	10	14 sf
9' Fruitwood Farm	10	14 sf

Dancing	
Guests Attending	Square feet needed
50	8x16' / 130 sf
60	12x12' / 150 sf
75	12x16' / 200 sf
100	16x16' / 260 sf
125	16x20' / 320 sf
150	16x24' / 390 sf
175	20x20' / 400 sf
200	20x24' / 500 sf

Our Tents	Square Feet
20x30	600
20x40	800
30x30 or 32x31	900
30x45 or 32x51	1350
30x60 or 32x75	1800
30x75	2250
40x60 or 45x64	2400
40x80 or 45x84	3200
40x100 or 45 x 104	4000
60x70	4200
60x100	6000
60x130	7800
